By order

WELLINGTON J. DOWLER, C. M. C.

City Hall, August 12th, 1889. aug13-td

SEWERAGE SYSTEM.

The Board of Aldermen and Mr. Pickering Discuss It.

An important conference between the mayor and board of aldermen, representing the city, and Messrs. Pickering and Hill took place in the council chamber last evening. The discussion took the form of questions and answers. The mayor opened the ball by propounding the following question:

The Mayor—At what speed is it necessary to have sewerage run in order to make sewers built of brick self cleaning?

Mr. Pickering—Your grade will be 1 foot in 758. In dry weather you need only flush your system once a week. The pipes put together as I would put them together, would stand a pressure of ten feet before they would leak. The rate sewerage matter should travel depends altogether on the volume of water behind it.

The Mayor—Is it not absolutely necessary, and a fixed principle, that you must have a certain rate of running in order not to make your sewer a sewer of deposit?

Mr. Pickering—Certainly, that is so. Your great difficulty, you will find, will be with 9-inch pipes.

The Mayor—As I understand it, the lowest rate of speed at which sewerage matter should travel is 128 feet per minute. How do you propose to arrest any extraneous matter getting into the sewers?

Mr. Pickering—By a side outlet gully with a bucket catching all that matter, and emptied by an attendant from time to time. Another form of preventative is the bottom outlet system. This is, if you like it, a ventilating gully. You know the more ventilation you have the more you split up your sewers and the better the system. Another provision is the manhole, with the trap in the low-level pipes.

The Mayor—In the dry season, how much water brought into the city by the water works will, in your opinion, find its way into the sewers?

Mr. Pickering—I should say at least a million gallons.

The Mayor—Do you think that two-thirds of the water carried into the city by the water works will find its way into the sewers?

Mr. Pickering—Yes; I think that will be about the proportion.

The Mayor—But you must bear in mind that a great deal of that water is used for irrigation, manufactories and steamboats. Don't think myself that more than half the water coming into the city will flow into the sewage pipes. Taking the case how deep would half the water we now use bring into the city by the 16-inch and 12-inch mains flow at the rate of 120 feet per minute in the invert of a 4 foot 3-inch sewer?

Mr. Pickering—The only sewer you could calculate on in an argument of that kind is a 3-foot 6-inch sewer.

The Mayor—But with a smaller sewer we must have a smaller volume of water. Provided that instead of a 4-foot 3-inch sewer we had a 2-foot or a 2 foot 1-inch sewer the volume of water would of course be deeper in the latter. Is it not true that depth of water accelerates motion?

Mr. Pickering—You have your sewer proportionate in size to the duty it has to fulfil. I wouldn't recommend you to reduce the size of your pipes at all, you want your sewers to last a life-time.

The Mayor—Suppose we keep the storm water out of the sewers entirely and we have a given quantity of water flowing from inlets, wouldn't we be still enabled to supply all wants in forty or fifty years' time?

Mr. Pickering—The difference after all in putting in a large sewer and a small one is not so serious. The principal expenditure is in the matter of excavation, and you must recollect that anyhow you must have a space for a man to work in.

The Mayor—Could your present system be made effective if it were raised at that point above Discovery and Government streets?

Mr. Pickering—No. It would bring the sewer too near the surface. The place you name is the key to the whole position. You couldn't start in and raise Government street. We would dispense with the great depths on Wharf and Humboldt streets by a separate system in the north end of the city. It is better to go in for the gravity system right away. By bringing the sewer water through by gravity it enables you to get away to the north end of the city to the watershed and the Work estate. If we were to raise the sewers, as you suggest, a good deal of the sewerage would run into the harbor. The latter alternative is very undesirable. The harbor master tells me that under my deliveries nothing will run into the harbor at all.

The Mayor—Does the mouth of the outfall at Ross Bay discharge above or below high water?

Mr. Pickering—Above high water, about three feet at spring tides. It doesn't discharge at all when the tide is flowing. The only way to overcome difficulties is by getting an increased head behind, which could drive the sewerage out at half tide.

The Mayor—Suppose that this sewer is left to fill with sewerage up to Vancouver street, will the recoding of the tide allow it to move fast enough to empty itself?

Mr. Pickering—Yes, I am sure it will.

Ald. Coughlan—Did you investigate anything about the tides?

Mr. Pickering—Yes. They are very irregular.

The Mayor—Do you know of any city having a flow into the sea which is in possession of a separate system?

Mr. Pickering—No, I do not.

The Mayor—You are firmly of opinion that the combined system is the best?

Mr. Pickering—For Victoria, certainly.

Ald. Kelly—I don't believe in using storm waters in the sewers at all. There's so good in it.

Ald. Wilson—It does a great injury to the street.

Mr. Hill—I'll answer the question as to the storm water. It certainly does some damage to the streets, but the damage done to the sewers is immeasurably greater. I believe it possible to give Victoria a perfect system of sewerage—one that would be self-acting in all its parts. In less than ten years there will not be one combined system in use.

Mr. Pickering—The separate system, I maintain, is compulsory, and cannot be got rid of. I never yet knew of a separate system being in use except in inland cities, where it was the only system workable. My system can be very much reduced, but taking into consideration the future growth of your city, I would not advise any reduction at all. The outlet of 4 feet 3 inches could be reduced to 3 feet 6 inches but no lower.

Mr. Hill intimated that he was willing to carry out the contract at the figure named by him with a few alterations. He had figured labor at $1.50 when in reality it was $2.50. Besides there would be some duties to pay at the custom house. If the council acted fairly with him in these matters he would stick to his price.

Before closing the meeting it was decided to come together again at 4 o'clock Monday afternoon, when Messrs. Pickering and Hill will give a decided answer.

Dr. Childs Pile Ointment.

Children Cry for Pitcher's Castoria.

GENERAL DISPATCHES.

A Cleavage in the Order of Foresters—Two Distinct Courts Formed.

French They Are, and French They Will Remain—Falling Off in Immigration.

By Postal Telegraph.)

San Francisco, Aug. 17.—United States Attorney Carey has received a telegram from the Attorney General of the United States instructing him to appear immediately for David Neglie, who is charged with the killing of David S. Terry, and to undertake Neglie's defence on behalf of the Department of Justice. It is inferred from this that the Department of Justice has investigated the facts and come to the conclusion that Neglie's act in killing Terry was an act of an United States officer in discharging his duties.

SULLIVAN'S SENTENCE.

Purvis, Miss., Aug. 17.—Sullivan was sentenced to-day to twelve months' imprisonment. Fitzpatrick pleaded guilty and was fined $200.

STILL INTERCEDING.

Portland, Me., Aug. 17.—The city of Portland is deeply moved over the conviction of Mrs. Maybrick. Prominent persons have opened correspondence with Messrs. R. S. Roe and Meikle of New York, the American attorneys for Mrs. Maybrick, and they were asked if the petition to Secretary Blaine, requesting his aid in the movement of obtaining a reprieve would be of benefit. The attorneys telegraphed immediately that it would be of inestimable value. Accordingly petitions were circulated throughout the city and up to last night nearly three thousand names were received, including those of such men as Mayor Melcher, Judge Nathan Cleaver, Judge Symonds and Judge Gould.

FORESTERS IN COUNCIL.

Minneapolis, Aug. 17.—The subsidiary high court of the Ancient Order of Foresters has voted to sever connection with the high court of England and organize an American high court. Differences arose on the admission of colored men to the order, the English high court insisting on them and the Americans objecting. At the opening of the afternoon session the six who voted against the declaration of independence withdrew their votes and made it unanimous.

MYSTERIOUS DISAPPEARANCE.

Montreal, Aug. 17.—A Mrs. Brown, of Hawkesbury, Ont., was invited by a daughter, who was living in Montreal, to visit her and at the same time consult an oculist here for some trouble with her eyes. She arrived here on Wednesday, and the same day went to visit the doctor, but has not since been heard from. The police are searching for the old lady.

IMMIGRATION DECREASING.

Toronto, Aug. 17.—There has been a great decrease in the number of immigrants arriving and settling in the provinces of Ontario this year. Compared with last year the figures as reported through agents for the month ending July 1, 1889, gave a total of 10,876 new settlers against 14,909 for the same period in 1888, showing a decrease of 3,833, or about 26 per cent.

PORT HOPE'S STATUE.

Toronto, Aug. 17.—The statue to the late Col. Williams, who died at the close of the northwest rebellion, has arrived here. It is to be sent to Port Hope, where it will shortly be unveiled.

VICE-REGAL DINNER PARTIES.

Quebec, Aug. 17.—Lieut.-Governor Angers gave a dinner at Spencerwood on Wednesday night, the Governor-General and a large party of ladies and gentlemen being present.

Last night Lord Stanley gave a dinner party in honor of the admiral of the French fleet.

WHY ALL THIS FUSS?

Ottawa, Aug. 17.—The reason now assigned for the countermanding of the order for the French squadron designated to visit Quebec, is that the French ambassador at London received a courteous intimation from Lord Salisbury that in the present condition of the temper in Canada on the subject of French ascendency in the province of Quebec it might be undesirable to allow French war ships to anchor in Quebec harbor. The recent speeches of the premier of Quebec, in which the people were called on to look to the tri-color as their national flag, and others calling on the provincial military to be prepared.

TOO SENSITIVE QUITE.

Quebec, Aug. 17.—*L'Electeur*, while commenting on the French fleet, which was coming up to this city, but ordered back for reasons unknown, says: Are our relations with France misunderstood, or are we believed to dream to a closer intimacy with that country than already exists? In that case little is still known about us. We are French, and French we remain, but we are also loyal subjects of Britain, to whom we are indebted for the precious political constitution we now enjoy.

GARIBALDI'S TOMB.

Naples, Aug. 17—King Humbert visited this city yesterday and deposited a wreath on the tomb of Garibaldi.

BILL KILLED FOR A TIME.

London, Aug. 17—The Tithes bill, by its withdrawal, has been killed for the present session.

All parties are pleased and the landlords, on whom the burden of the measure as amended threatened to fall, are greatly relieved. The government is satisfied with having extricated itself from the dilemma in which it was placed by the opposition, and the Liberals are jubilant over what they regard as a defeat of and discredit to the government. The Liberals claim that the government accepted their amendment to avoid defeat, and having done so had no further heart in the measure, and ignominiously abandoned it. The effect cannot but be bad on its constituents, and the Liberals propose to take full advantage of it in the coming election.

ROYALTY APPRECIATED.

Berlin, Aug. 17.—The Emperor and Empress have arrived at Bayreuth and occupy the royal palace. They will remain over Sunday and attend a performance at the Wagner theatre to-morrow. The town is crowded with visitors. Not one-fourth of those present can obtain seats in the theatre for any price.

A REPRIEVE FOR MRS. MAYBRICK.

London, Aug. 16.—The Press Association says that Mr. Matthews, home secretary, has advised the Queen to commute the sentence of death passed on Mrs. Maybrick to imprisonment for life. The reprieve will be announced after the formal assent of the Queen has been received.

The members of the House of Commons who have signed the memorial to the home secretary, urging clemency to Mrs. Maybrick, now number 63.

THE QUESTION OF A NEW TITHES BILL.

London, Aug. 16.—In answer to enquiries from several members as to whether the government intended to introduce a new tithes bill, Wm. H. Smith, first Lord of the Treasury, stated that in view of the determined and protracted opposition which the first bill had encountered, the ministers did not see their way clear to deal with the question.

SUNDAY BANQUET.

Paris, Aug. 17.—Preparations for a colossal banquet to be given by the government to mayors of France to-morrow, are about completed. The banqueting hall will be the Palais Des Industries, the only place capable of accommodating the immense crowd.

HONORS FOR EDISON.

Rome, Aug. 16.—Prof. Edison is expected at Milan in September, where elaborate preparations are being made for his reception. Nowhere in Europe are Edison's genius and his services to the cause of science better recognized than in Italy, and on his visit to Milan King Humbert will confer on him the dignity of Grand Officer of the Italian Cross.

CONFIDENT.

London, Aug. 16.—Boulanger, Dillon and Rochefortc are out in a manifesto to-day, in which they call attention to their own conviction and sentence by the high court of the French senate. They speak of this as an orgie of arbitrary rule, calumny and mendacity, and says that in spite of the fresh coup d'etat which is now being prepared in Paris, they have every confidence in the result, when the people shall have an opportunity of being heard from the polls.

HOPEFUL SIGNS.

London, Aug. 16.—The conference held by Home Secretary Matthews, Lord Salisbury and Justice Stephens, and a number of medical experts, at the Home Office, was of four hours duration. Nothing of their deliberations has been made public, but it is certain there is a doubt in the minds of the conferring officials which must result in the pardon of Mrs. Maybrick, or at least the commutation of her sentence to life imprisonment.

TROUBLE SEIZURES.

Meeting To-Day to Consider the Question of Jurisdiction.

Ottawa, Aug. 17.—Hon. Mackenzie Bowell to-day received full reports from Victoria, B. C., of the seizures of the British sealers sailing from Canadian ports by United States vessels in Behring's Sea. The papers were taken unopened to the court of the minister to be considered there at this afternoon's meeting. It is understood copies of these documents will be forwarded to the Imperial government at once, as the basis for a claim against the United States government for compensation and settlement of the whole question of the United States jurisdiction over the waters of the North Pacific Ocean.

A NEW RAILROAD

To be Built to Seattle—Five Million Dollars Capital.

Portland, Aug. 15—Articles of incorporation were filed here to-day by Chester W. Collins, John D. Kilpatrick, John H. Smith, E. J. Johnson, Lee Hoffman and Emil Adler, incorporating the Portland & Puget Sound Railroad Company. The capital stock is fixed at $5,000,000, divided into 50,000 shares.

The object of the corporation is to construct and equip a railroad and telegraph line from Portland to Seattle, with several branch lines. The duration of the corporation is unlimited. One of the branches is to extend to Gray's harbor and the other to Port Townsend.

It is claimed that the company propose to proceed to active operations without delay.

Articles of incorporation were also filed here to-day by a company, authorizing the construction of a bridge across the Columbia river at a point near Vancouver. The capital stock is fixed at $2,000,000, divided into 20,000 shares.

THE TERRY MURDER.

A Warrant for Judge Field—Mrs. Terry will Prosecute.

Stockton, Cal., Aug. 15—A warrant was issued to-day for the arrest of Stephen J. Field on complaint of Mrs. Sarah Althea Terry, who charges him with complicity in killing her husband, David S. Terry, at Lathrop yesterday. Sheriff Cunningham left here for San Francisco this afternoon to arrest Judge Field. The attorneys who have been engaged to conduct the defense of Deputy Marshal Nagle promised that Judge Field would appear when wanted, but Mrs. Terry's complaint was made against both.

The orders to Sheriff Cunningham to arrest Justice Field were issued by District Attorney White, who is a young lawyer with but brief experience, against the advice of his assistant, W. M. Gibson, an experienced prosecutor under several district attorneys, and also Attorneys W. E. Turner and W. D. Grady, close friends of the deceased, as well as Clint Terry, only son of the deceased. The district attorney says he did not want to take the responsibility of dismissing the complaint against Field.

San Francisco, Aug. 15.—Sheriff Cunningham, of San Joaquin county, arrived here from Stockton at 9 to-night with a warrant for the arrest of Justice Field. As, however, the hour was late and the warrant had to be endorsed by some magistrate of this city before it could be served, Cunningham decided to wait until to-morrow morning before serving it. Justice Field remained quietly at the Palace hotel this evening and received a few callers.

Judge Terry's death yesterday and the scenes surrounding it has been the principal topic of conversation here to-day. Telegrams have been pouring in upon Justice Field, congratulating him upon his narrow escape. Among those sending telegrams are his three brothers—Cyrus W. Field, David Dudley Field, and Henry M. Field—Judge M. P. Deady, of Oregon, and James H. Choate, president of the New York Bar Association.

Stockton, Cal., Aug. 15.—Deputy Marshal Nagle was brought into court this afternoon to have his preliminary examination set. He wanted an early hearing, but it was decided to set the examination for next Wednesday at 10 o'clock.

Customs Inspection.

Mr. G. H. Young, Inspector of Customs, accompanied by Mr. J. Le Clute, collector at the Royal City, left yesterday morning for Comox, for the purpose of inspecting the Union Mines surroundings, so as to decide what status to give it in regard to customs regulations. It is expected it will be made an outport of Nanaimo, with a deputy collector stationed at Comox.

Must Swallow Mr. Davie.

The following dialogue has been heard so often during the last few days that several voters will no doubt recognize it:

Prominent Government Supporter—Mr.——, by the way, before I forget it, we expect your vote will be for us at this election as usual.

Voter—Well, to tell you the truth, I don't care a great deal for Mr. Davie.

P. G. S.—I don't care for Mr Davie myself, but it's for the government, you know. We must support the government.

Arrived.

Bass XXXX Ale (Lamb's Wee!) at the Occidental Hotel bar. *

Valvoline.

Spratt & Gray, sole agents for this celebrated cylinder and machine oil. A supply constantly kept on hand. *

TO THE TIMES ONLY.

Ex-Mayor Townsend, of New Westminster, Re-Elected Chief Magistrate.

Hon. Dewdney En Route to the Coast—He Uses the Spade at Regina.

Special to THE TIMES.)

Winnipeg, Aug. 17.—Hon. Mr. Dewdney passed through the city to Regina yesterday. A deputation representing the old settlers waited on the Minister and presented him with a largely signed petition, asserting their claims.

At Regina to day the formal turning of the first sod of the Regina and Long Lake Railway took place. The ceremony was performed by Mrs. Dewdney.

The party visit Salt Coals on Tuesday and start for the coast on Thursday.

SUMMER CARNIVAL.

Hamilton, Aug. 17.—Arrangements in connection with the big summer carnival, to be held here next week, are now almost completed in every particular.

LACROSSE—MONTREAL WINS.

Ottawa, Aug. 17.—In the great lacrosse match played at Ottawa to-day for the championship of Canada, between the Ottawa and Montreal clubs, Montreal won the first three goals, Ottawa the fourth, the fifth by Montreal.

FROM NEW WESTMINSTER.

W. B. Townsend Elected Mayor by Acclamation—$20,000 Libel.

Special to THE TIMES.)

New Westminster, Aug. 17.—The civic nominations took place to-day. W. B. Townsend was elected mayor by acclamation. W. H. Kearny, J. W. Harvey, and B. W. Starke were nominated to contest the two vacant seats in the aldermanic board. The election takes place on Wednesday next. About noon to day Ex-Mayor Dickinson received a numerously signed requisition asking him to consent to be nominated for mayor, but owing to the late hour and shortness of term he declined.

Yesterday afternoon the Supreme Court issued a writ against the *News-Advertiser* for alleged libel on the Southern Railway Company, placing damages at $20,000. The writ is the outcome of a paragraph that appeared in the *News-Advertiser* of the 7th inst.

GOVERNMENT GROUNDS.

To THE EDITOR OF THE TIMES:

SIR—In your daily issue of the 14th instant, under the head of "A Much Felt Want," appears a letter in which is contained more truth than poetry in regard to the disgraceful condition in which that delightful approach to (you may say) the only pleasure resort, or place of interest, available to visitors, tourists and citizens alike, has been allowed to remain all summer when so little trouble or expense might have made it otherwise, and obviated a deal of pain and annoyance. But such seems to be characteristic of some people, they would rather see a thing going to waste, or even suffer a little themselves, rather than that anyone else should reap any benefit, and that seems to have been the spirit exhibited in the case in question.

While so much is being done to make and to beautify Beacon Hill, why could not something be done for the preservation, and the keeping in repair, of that *once* beautiful grounds surrounding the provincial government buildings? To one who had visited this pretty place a few months ago and did so again to-day would not believe it was the same place. For instance of a green and healthy condition of affairs meeting the visitor's gaze a withered and desolate place, grown up in dandelion tops and other weeds was the case, and indeed it is a wonder the Scottish posey, over which our P. M. has had some star engagements recently, have not also made their appearance with the rest on this sadly neglected place in question, which at present is more of a disgrace than a credit to the province. This desolate condition of affairs, together with the appearance of the chain-gang and the big man close at their heels with a double-acting, double-jointed fire arm, made me feel as though I had fell into wrong hands, but I at once concluded to vanish, if the man with the cannon would only give me time to get out. However, upon making further enquiries into the cause of the great change in the appearance of the grounds surrounding the provincial buildings, I discovered that in consequence of the great amount of manipulation and scheming required for the coming crisis that very little attention or time could be devoted to the affairs actually of interest to the province, and as the destinies of the government in the coming general election is dependent (in a great measure) upon their failure or success in the present election to fill the seat made vacant by the death of the late Attorney-General, from all appearances I would take it, as though banged in the head with a club, that all the government forces will be brought into requisition in the coming contest. Yours, &c.,

A FALLEN TOWER.

BURKE IDENTIFIED

By Mr. and Mrs. Carlson as Frank Williams.

Chicago, Aug. 17.—Martin Burke was yesterday fully identified by Mr. and Mrs. Carlson as the mysterious Frank Williams, who last spring entered the cottage in which the murder of Dr. Cronin was perpetrated. There is no longer any doubt as to the names of the men whom the state feels prepared to prove to be the actual murderers of Dr. Cronin. These are Daniel Coughlin, Martin Burke and Patrick Cooney, the latter being the one who played the part of the second Williams' brother. When the two old people were brought up to the grating of the cell in which Burke was confined he was lying on the rude plank bench which served him for a bed. The noise at the door of his cell aroused him, and he sat up and peered out at Carlson and his wife. He did not appear to know them, but with the glances they met at the prisoner they recognized him as Frank Williams. Burke in the meantime resumed his incumbent posture, doubtless little dreaming how important an event to him was the arrival of that old couple at the door of his cell. Judge Longenecker afterwards took Mr. and Mrs. Carlson into his private office, where they again reiterated their assurance that Burke was one of the "Williams brothers."

Getting Solid with Lillooet.

It is reported that applications for the position vacated by Mr. Roycraft continue to come in to the government. It is understood that all voters who have applied for it have been promised the Lillet, but their chances are evidently slim, as a gentleman with a good deal of influence at his back and a resident of Lillooet has been definitely promised the position. This looks as though Mr. Davie were trying to make himself solid with Lillooet.

The Pianoforte.

Miss Laura M. Adams, teacher of pianoforte, 34 Cadboro Bay road. *

PERSONAL.

Items Telling of Movements of Well Known Persons.

Mr. and Mrs. Hendry, of Bowmanville, Ont., are in the city, guests of Dr. T. J. Jones and wife. Mr. Hendry finds his health much improved since coming here and will remain for a month longer.

Judge Harrison was a passenger from the mainland on the Islander.

Capt. Urquhart arrived on the Islander this morning.

Mrs. Van Horne arrived in Vancouver yesterday, accompanied by her mother, Mrs. Hurd, and her two daughters, Miss A. VanHorne and Miss Nellie Van Horne, also, Mrs. Weisenberger, of Chicago.

W. J. Goepel returned to day from a three weeks holiday spent near Cameron Lake hunting the festive bear.

J. Metcalfe and Miss Sarah Overton were united in marriage at Nanaimo on Thursday evening.

SUPT. ROYCRAFT'S CASE.

To THE EDITOR OF THE TIMES:

SIR,—Have you ever seen any analogy between the case of Supt. Roycraft, who recently left the city without notice of motive, and that of a certain other famous case which occurred in this city about a year ago? The circumstances are no doubt fresh in your mind and in the memory of the public. You will remember the system of persecution which was resorted to by a certain ring, with Mr. T. Davie at the head of it, and how the court was used by this gentleman to endeavor to place Mayor Grant in the light of an accessory to the crime of stealing public money. You know how vindictive and hard-hearted that persecution was, and with what persistency the ring followed up the attempt to blacken forever the character of the mayor, till he was compelled to ask for a certificate of character from the people with the result that he received their approval in such an emphatic manner as no public man had ever received in the city before. If Mr. T. Davie had offered himself for election at that time we all know what kind of a vengeance the public would have visited upon him. The facts of this case have been partly forgotten but, I ask, is Mr. Davie any better man to-day that he was then? Would he not do the same thing to-day if he had the opportunity? Would you trust him in the position of Attorney-General to give justice to his opponents if he were Attorney-General to-morrow? But above all things, would you care to place in his hands the power of a supreme court judge? I think not. I do not imagine any man in his sane senses wishes to see Mr. Davie elevated to the bench, at least not till he shows some better qualifications for it than he has thus far. I am told the members of the bar realize this. But as to the analogy of the two cases referred to. If it were right to hold Mayor Grant responsible for the acts of a subordinate, why is the government not held accountable for the infinitely worse conduct of Mr. Roycraft? Mr. Davie is aware of the late superintendent's defalcations; then why does he not demand an investigation, an auditing of the books of the government? I do not mean to accuse any members of the government who were Mr. Roycraft's personal friends with personal dishonesty, but I wish to show that this man who is seeking election now is not as anxious for the safety of public money as he was last year.

ONE OF MR. GRANT'S SUPPORTERS.

SPORTS AND PASTIMES.

A Great Trotting Race on the Tapis—Notes in General.

BOXING CONTEST.

Jimmy Hooker, the clever sparrer of the Amphion, and Towers, a good 'un of the Champion, will spar at the Ship Inn, Esquimalt, on Tuesday night next, for $50 a side.

THE RING.

Mike Brennan, accompanied by his trainer, Clem Austin, left for Port Townsend this morning. To-morrow, Brennan and Cleary will fight to a finish, using two ounce gloves. In the same ring, after the above men quit, Cassie and Bloomfield will also mill to a finish.

THE VANCOUVER DEPARTMENT.

The members of the fire department in order to be able to send a team to Tacoma to compete in the tournament there on the 16th, 17th and 18th September, will require about $500. A committee has been soliciting subscriptions from the business men for the purpose of defraying the expense, but so far has met with but small support. They say that unless this amount can be raised they will have to give up the idea, and appeal to the public for a more generous support.—*News-Advertiser.*

LACROSSE CLUB.

The Vancouver junior lacrosse club have received a challenge from the Victoria juniors to play in the latter place, and have decided to accept it.

GREAT TROTTING RACE.

One of the greatest events of the turf which has taken place for some time, will come off next month. Mr. McNaught of Seattle has signified his intention of accepting the challenge of Mr. Thomas Shaw of this city to match "Dart" against his (McNaught's) "Johnny Blue." Both these trotters are well-known over the Sound and British Columbia and the race will therefore be watched forward to with interest by many. The stakes will be five hundred dollars and the race will be trotted under the rules of the new association.

WRESTLING.

It is said the Jap will not wrestle Cameron in Vancouver, but that since his experience with Quinn he has decided to go east.

The Quinn-Connors match of next Thursday is being much talked of and is expected to be a big contest. Connors is at present in Portland.

ATHLETES SURPRISED.

The San Francisco *Call* says the athletes of the Olympic Club were very much astonished to learn of Peter McIntyre's defeat by Tom Walton last Saturday in a half mile race. The majority think Mac lost heart and gave way too early in the race.

LAWN TENNIS.

J. T. Williams and S. S. Richards, of Vancouver, arrived down this morning to contest the championship at lawn tennis. There was some talk of postponing the game till Monday on account of the rain.

THEY LOOK WELL.

A photograph of the famous Kamloops base ball club adorns the "corner," with their brilliant score plainly printed. Copies can be had at Hall & Lewe's gallery.

From Alaska.

The George W. Elder, Capt. Hunter, arrived at 11 o'clock this morning from Alaska with 130 passengers on board. Amongst the party were Senator John Macdonald and Miss Winnifred Maclon; ald, Rev. J. P. Lewis, of Toronto. After a short stay here the steamer sailed for the Sound, where she will discharge 10,000 cases of canned salmon brought down from Chilkat.

Hams. Hams.

New smoked hams, breakfast bacon, spice rolls, etc., at the Yorkshire Market. Prices the lowest in the city. An inspection invited. jy20-1m

SUMMARY SUSPENSION OF TEACHERS.

"The powers of the Superintendent are, so far as we can see, the same in both acts," says the Colonist. Eliminate the word "summarily" and there is no material difference between the acts. The word "summarily," however, materially changes the scope of the act now in operation. It gives the Superintendent the power to do of himself what under the old act would be conditional on the consent of others. Under the old act the power of the Superintendent is executive, he acts upon a recommendation, whereas under the new act his power is autocratic, he acts on his own responsibility. Under the old act the Superintendent, who would suspend of his own responsibility, would exceed his prerogative, but under the new act, by the addition of the word "summarily," he may act on his own responsibility, and yet be within his prerogative. It is impossible to associate the the word "summarily" with other than discretionary power; the power to act independent of the wishes of others. The cause for the suspension of the teacher may be the superintendent's *cause*, not the cause of the trustees. Under the new act the superintendent need not consult the trustees as to the propriety of suspending a teacher, but under the old act, not being permitted to "summarily" suspend, it is clearly implied that the power of suspension is contingent on the concurrence of the trustees. The manifest object of the power to suspend "summarily" is to dodge the necessity of giving *cause*. Under the old act, if the teacher was told that he had to vote so and so he had an opportunity to appeal to the trustees for protection, and thus expose the animus of the Superintendent. As the law stands at present the Superintendent may suspend and furnish no reasons except to the Lieut-Governor. The Colonist, however, professes to be unable to see the difference between the two laws. There are none so blind as those who won't see. Then, again, if the two laws are alike, of what use is the law now in operation. Why should it be on the statute books. Depend upon it the Hon. JOHN ROBSON attaches a great deal of importance to the word "summarily," and the failure of the Colonist to do so is either the effect of simplicity or unreasoning partisanship.

THE SCHOOL QUESTION.

The Colonist this morning publishes the report of the committee that was appointed by the trustees to wait upon the government. They find now that it is better to adopt the truth than to publish so many false statements. At first Mr. DAVIE went so far as to say that Dr. MILNE was one of the trustees who framed the clause. Such is not the case, as Dr. MILNE showed clearly at his meeting. The minutes of the board state that the report was ordered to be received and spread on the minutes. This morning, in order to make Dr. MILNE ridiculous, the Colonist says that he (Dr. MILNE) opposed every clause of the committee's report, except this one. Quite the reverse was the case. Dr MILNE was in favor of all the clauses with the exception of clauses four and five. The request of Mr. ROBSON that the committee "should formulate their desires" was never acted upon by the trustees, only to the effect that they were opposed to the "special taxation" clause as embodied in the school act amendment. To show that the trustees did not "formulate" any such "desires" the trustees called no special meeting. They did not meet for one month after Mr. ROBSON's request that they "formulate their desires," and during all this time the Hon. JOHN ROBSON was pushing his amendment through the house. A meeting of the trustees was called for April 10th, at which no quorum was present. The first meeting of the board after the passage of the act was on April 30th, when the iniquitous amendment was freely discussed by the trustees. We quote the remarks of the speaker as reported in THE TIMES of the day following:

"Chairman Hayward stated that the trustees had been misrepresented during the discussion in the legislature on the new School Act. The board had asked the government for power to levy a small tax to increase the sum for the necessary incidental expenses of the schools, it being found that the government grant for that purpose would not be increased. He said: 'This board certainly never thought or proposed that a portion of the teachers' salaries should be imposed on the municipality.'

"Trustee Milne said that the resolution brought before the school board was to the effect that the city be given authority to supplement the amount contributed by the government for incidental expenses and not for the purpose of aiding in the payment of teachers' salaries. It was never intended that the special tax on as provided by the act, should be instituted.

"Trustee Heisterman stated that the government took a wrongful advantage of the proposition made by the trustees. They took an undue advantage of the resolution passed by the board and imposed a tax on cities which was unjust and unfair.

"Trustee Walker condemned the government for imposing a tax on municipalities for school purposes."

It will be seen from the foregoing that Mr. CHAS. HAYWARD, as well as the other members of the board, were unanimous against the tax proposed to be levied by the government. Surely Mr. HAYWARD, as a strong supporter of Mr. DAVIE, should enlighten the Colonist on this question, for that paper must know that its statements are not in accordance with the facts. The Colonist, in its desire to help Mr. DAVIE, would fain put words into the mouth of Dr. MILNE which he never uttered. To further point out the inconsistency of Mr. DAVIE and the Colonist we publish the report of the debate at the annual school meeting, held on June 11, 1888, as published in the Colonist.

(From the Colonist.)

Trustee Milne in moving the adoption of the annual report, and the imposition of the tax was not made at the request of the board. The latter had asked for the privilege of raising a small sum for incidental expenses. The government had made capital out of this request and forced a measure through the house and cast the burden upon the board.

Mr. S. P. Tuck seconded the report.

Mr. Heisterman said Mr. Wilson blamed the trustees for taxing the ratepayers of the city for $6000; it was the legislature which had done so and the trustees had nothing whatever to do with the imposition of the tax. The trustees simply stated to the government that the funds at their disposal were totally inadequate to supply the necessary requirements of the schools during the school year, and they requested that they be increased and the money placed in their hands for appropriation. The result was that when the legislature met the city was made to bear not only the expenses of the high school, but a considerable part of the common school expenses. Who was to blame for this change? The legislature, not the trustees. Mr. Wilson said the board had fallen into a trap laid for them by the government; they had laid their plans and carried them through triumphantly.

Mr. Hayward said the board had taken the first opportunity to set themselves right before the people.

Secretary Walker said he fully agreed with Dr. Milne. The buildings needed a number of small improvements and repairs, but when they asked for a larger appropriation they were met with the reply that the money was all expended. Then they requested the power to augment the expense sum in a small way, the same as is done in other cities.

FOREIGN MISSIONS.

The patrons of Foreign Missions will not find anything comforting in Lieutenant Woods' statement concerning the utter fruitlessness of missionary effort in China and Corea. The writer having spent some years in China declares:

The converts to Christianity among these people are confined to the menials who work about missionary quarters at $4 a month; that no one there ever heard of a nobleman of Corea, or a mandarin of China acknowledging the Christian faith and that the missionaries are looked upon by the better and more intelligent class of natives "much as the Salvation army is regarded in America only to a degree of contempt ten times as great." Such a statement is calculated to increase admiration for the small boy who upon being requested to drop his penny into the missionary box with an appropriate quotation remarked sententiously: "A fool and his money are soon parted."

MRS. MAYBRICK.

The Lancet is of the opinion that the verdict in the MAYBRICK trial was justified by the evidence; the English public, however think differently, and it now remains to be seen what the higher authorities will do about it. Very likely the higher authorities will interpose to save the woman from her impending fate, nor may we assume that such clemency will be misplaced under the circumstances. In the first place, the judge exceeded his functions in his charge to the jury. He seems to have been determined that the woman should be convicted if talking would do it. Secondly, since evidence against the woman was circumstantial, it was simply barbarous to condemn her to be hanged within a month of her trial and conviction. It matters not though the evidence of the woman's guilt was conclusive, she was entitled to a longer period than a month to prepare for death. Justice should be speedy, but not precipitate. The learned judge who passed the sentence of death on the woman took hours for it in the shape of a charge to the jury, actuated evidently by the moment of her crime. Had he been inspired by a decent regard for the safety of a human soul he would have given the murderess a period of time proportionate to the length of his speech to prepare for death.

EDITORIAL NOTES.

Which of the two candidates before the people is the most public spirited, is a question which the electors should ask themselves? They should also ask, has any one discovered Mr. Davie's public spirit; if so, where did it come from?

Says the New York World: Some of our neighbors over in Canada are assuming quite a bellicose tone and swagger over that Behring Sea incident. Will they please make a memorandum of the fact that our secretary of state is at Bar Harbor, that Commander in-Chief Harrison starts for Bar Harbor to-day, accompanied by the secretary of war and possibly by the secretary of the navy, and that Bar Harbor is hundreds of miles nearer to Ottawa than Washington? The militant portion of the United States cabinet could mobilize upon the Canadian frontier at short notice.

The undertakers are said to be denouncing Dr. Brown-Sequard's recipe for prolonging life. A little reflection, however, will show that this notion, like the corresponding idea that undertakers gain by epidemics and accidents involving great loss of life, is erroneous. The undertaker is sure to get his subject some day, provided he dies a natural death. Epidemics and accidents are bad for his business, because they lead to hasty and inexpensive burials. It is in the undertaker's interest that there should be many births, and that everybody should live to a good old age, make many friends, die in his bed and have a large and expensive funeral.

To the Electors of Victoria City District:—

GENTLEMEN:

In accepting a portfolio in the Government, my primary object is the construction of another trans-continental railroad, which, penetrating the northern part of British Columbia, and opening up the important district of Cariboo, will traverse Vancouver Island, making Esquimalt or Victoria its terminus.

It will be my endeavor, should you honor me with your confidence by re-electing me, to apply the resources of the country, so far as can be legitimately done, in furtherance of this project, which as a private member I firmly advocated during the last session of the House.

It was upon the understanding that the Northern Railway should be a matter of Government policy, that I agreed to enter the cabinet.

I shall take the opportunity of entering into particulars at public meetings, which I intend to call for the purpose, during the course of the canvass.

I am, gentlemen,
Your obedient servant,
THEODORE DAVIE.

aug6

NOTICE

IS HEREBY GIVEN THAT "MINING OPERATIONS" will take place between the FISGARD LIGHT HOUSE and DUNTZE HEAD, from 26th August to 14th September next, inclusive, during which period it will be dangerous for Vessels to enter or leave Esquimalt Harbor without a pilot.

An Officer from H. M. Fleet will always be available to pilot Vessels in or out of Harbor.

By order,
LACON HAMMET,
Flag Captain.

INVESTMENT OR PARTNERSHIP

REQUIRED FROM $15,000 TO $20,000 TO stock a ranche of 900 acres of land in the best location in British Columbia.

TOLLER & ROBINSON,
Real Estate Agents,
15 Broad St., Victoria.

PROCLAMATION.

NOTICE

IS HEREBY GIVEN THAT CHANCELLOR Browning, Commissioner for the C. P. R., has this, the 26th day of July, 1889, issued a proclamation warning all persons from purchasing lots from Samuel Maclure in Lot 925, Group One. Now, may it please Your Lordship, I have never offered for sale any lots in said Lot 925, for that would be deception on the public, as the highest legal authority in British Columbia pronounced the title to that lot straw—not one cent as consideration having been given. Now, if Your Lordship will adjust your wig and recover from your dose of Blackstone and the laws of octopus, you will be able to see that the four Judges who threw your case out of Court last April were fully able to comprehend the difference between 926 and Pre-emption Record 1003, this being the REGISTERED NUMBER of my land on English Bay. Come down and see me, as I have a few acre lots (with a smattering of coal) yet left. I mean to sell, and the public will persist in buying them, notwithstanding Your Lordship's decision. Things will move just the same at English Bay.

All parties are hereby warned that Angus and Smith have no title to Lot 185 till confirmed by the Legislature, and all sales will be void.

EDWIN GREEN.

Vancouver, July, 29. jy31-1m

FUN FOR THE COUNTRY HOME.

A New Game That Offers Amusement for Summer Sojourners.

When a large party of ladies and gentlemen are assembled together in a country house for shooting, races or other amusements in the daytime, a new game in which all can join in the evening is welcomed. The following description of one may be therefore acceptable. The lady of the house and one gentleman should be in the secret of the game, which is to be played after dinner. As, however, the guests meet in the drawing room for what is aptly called the mauvais quart d'heure before that meal is announced, the gentleman who undertakes the management of the game goes round to each gentleman, basket or hat in hand, and asks from each a small sum, to be subsequently divided into first and second prizes for the winners, and thus gives rise to much curiosity and conversation during the progress of dinner as to what the game can be. Dinner over, the ladies leave the dining room and retire to the drawing room, when the hostess explains to them what to expect.

In the meanwhile the gentleman who acts as manager asks each other gentleman in turn to accompany him to another room, where will be found already prepared large sheets of foolscap paper, on which is written the name of each fair lady, and each gentleman is required to write, one at a time, so that there may be no collusion, a description opposite to every lady's name of what its owner is wearing that evening—color, material, jewels, headdress, the more details the better—and to do this rapidly in the space of five minutes. As one gentleman after another completes his paper he is sent to join the ladies in the drawing room, who, now being in the secret, watch gleefully his entrance, and the furtive glances he casts at the dresses of the wearers instead of at their fair faces.

When all have done and are reassembled in the drawing room the "manager" arranges the ladies at one end of the room in a semicircle, first selecting five of the youngest ladies and impaneling them to act as a jury and sit together on one side of the circle. At the other end of the room a sort of improvised platform is erected, on which are placed the gentlemen, and on a high stool in the center each gentleman in turn is made to stand, while the "manager" stands below and in a loud voice reads out his paper and the description he gives of the ladies and their costumes.

Great merriment is caused by the reading of these papers, the catalogues of the colors, ornaments, etc., being as often absurdly wrong and totally different to what is really worn as wonderfully near the mark. The five ladies of the jury note these differences, and afterward consult and decide upon whom the prize for the most accurate description is to be given, and in many cases it will be found that the person least suspected of observing a lady's toilet will be the one who proves the most correct in his remarks, and the beaten candidates will often plead that they were too absorbed in the contemplation of the ladies themselves, or in the interest of their conversation, to notice what they had on. Anyway, this game will produce much fun and merriment, and if a good many young people are present, an impromptu dance will aptly close so pleasant an evening. — London Queen.

The Ballet as an Object Lesson.

At the conclusion of the congress of German naturalists and physicians in Cologne, Dr. Hoffman addressed his professional brethren expatiating upon the difficulty experienced by students of chemistry in understanding the constitution of organic compounds. Then suddenly before the bewildered men of science there floated upon the stage a gorgeous ballet, each beautiful dancer in a differently colored costume. The astounded naturalists and physicians were first inclined to believe that an opera troupe had gone astray, but Dr. Hoffman put their minds at rest. He explained that this ballet was an invention of his own for the purpose of making the study of organic chemistry more easy. Each ballet girl, he said, represented an atom. At his command the lovely atoms grouped themselves in various figures, and the delighted medical men realized that they were observing, by Dr. Hoffman's felicitous method, the construction and chemical constitution of various compounds and their reactions. The record of the congress declares that "the composition of benzine and the formation of aniline and its derivations were particularly applauded."—New York Telegram.

The Work of Modern Chemistry.

Some years ago, in the course of a conversation with an eminent mathematician, I asked in all seriousness whether he could give me a definition of mathematics that would convey to my mind even a faint idea of the object in view in mathematical investigation. He replied: "It is impossible to give such a definition—as impossible as it is in the case of chemistry." "But," said I, "I think I can give a definition of chemistry which would have some value;" and then, with a little time to think, I suggested a definition, which elicited this remark: "I could certainly give an equally bald definition of mathematics." I have frequently thought of this subject since, and have wondered whether it is possible to convey to the minds of those who are not chemists a clear idea in regard to the work chemists are doing. The difficulties are great—as great, I suppose, as in the case of mathematics, for chemists are no longer engaged in the study of familiar phenomena, but are dealing with matters which lie far beyond the limits of ordinary observation.—The Popular Science Monthly.

A New Aliment from Wheat.

According to Le Genie Civil, Dr. Dujardin-Beaumetz recently exhibited at the Paris Academy of Medicine a new alimentary substance—"fromentine"—which is obtained from wheat by the aid of special millstones. Fromentine is the embryo of wheat reduced to flour and deprived of the oil which it contains. The substance contains three times more nitrogenous substance than meat, and a strong proportion of sugar. Thus, the amount of nitrogenous matter in it is 51 per cent., while that of the richest meat, mutton, is but 21 per cent., and the proportion of digestible substance reaches 87 per cent. of the total weight. Hence it would appear that it might advantageously replace powdered meat as a concentrated food. It can be used for making soups, and even for making biscuits, the taste of which would not be disagreeable.

The wheat germs employed are a by-product in the Schwietzer process of manufacturing a flour which can be kept for a long time without deteriorating.

—The incessant talker may be of use in the world, but there is a strong suspicion abroad that his principal service to mankind is to illustrate the fact that it doesn't require much brains to make a noise in the world.—*Old City Derrick.*

—A proof-reader, out for a walk, was met by a Typographical Error; but the proof-reader did not speak, nor did he even bow in recognition. "Ha, ha," chuckled the Typographical Error, "I knew he wouldn't see me!"

CITY AND PROVINCE.

—Mother Graves' Worm Exterminator has no equal for destroying worms in children and adults. See that you get the genuine when purchasing.

—Thos. Sebin, of Eglington, says: "I have removed ten corns from my feet with Holloway's Corn Cure." Reader, go thou and do likewise.

—There is comfort in store for persons troubled with lame back, rheumatic pains, corns or bunions, who commence without delay, a course of *Dr. Thomas' Eclectric Oil*, followed up systematically until relief is obtained.

—*F. Burrows*, of Wilkesport, writes that he was cured of a very dangerous case of inflammation of the lungs, solely by the use of five bottles of *Dr. Thomas' Eclectric Oil*. Feels great pleasure in recommending it to the public, as he had proved it (for many of the diseases it mentions to cure) through his friends, and in nearly every instance it was effectual.

—The Laws of the Medes and Persians were not more immutable than those of nature. If we transgress them we suffer. Sometimes, however, we break them inadvertently. Damages frequently take the form of Dyspepsia, Constipation and Biliousness, which can be easily repaired with Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, the Great Blood Purifier and renovator of the system.

—A lady from Syracuse writes: "For about seven years before taking Northrop & Lyman's Vegetable Discovery and Dyspepsia Cure, I suffered from a complaint very prevalent with our sex. I was unable to walk any distance or stand on my feet for more than a few minutes at a time without feeling exhausted, but now I am thankful to say, I can walk two miles without feeling the least inconvenience." For Female Complaints it has no equal.

At Lord Roseberry's dinner, a few nights ago, the Shah threw his asparagus ends over his left shoulder, in accordance with a Persian superstition which says that no luck will pursue the asparagus eater unless this rule is complied with. In accordance with Court etiquette, the Prince of Wales and suite were obliged to follow the example of the illustrious guest. The sight, as may be easily imagined, was a somewhat ludicrous one.

—Lignum vitæ has long been used on the stern tubes of steam vessels and for other bearings exposed to considerable pressure. A Leipsic inventor, however, has recently brought forward a process for treating soft wood so as to render it effective for the various purposes for which lignum vitæ has hitherto been so exclusively employed. The soft wood is impregnated with oil, after which it is subject to great pressure, increasing the density of the material to a very great degree.

SMOKE The Purian Cut Plug Mathieson Co. MONTREAL

The Canadian Pacific Land and Mortgage Company, Limited, (Foreign).

Registered the 10th day of July, 1889.

CERTIFICATE OF REGISTRATION.

THIS IS TO CERTIFY THAT I HAVE THIS day registered "The Canadian Pacific Land and Mortgage Company, Limited, (Foreign)" under the "Companies' Act," Part IV, Registration of Foreign Companies.

The objects for which the Company is established are:

1. To purchase, take under any concession, lease, or in exchange, hire or otherwise acquire, settle, improve, farm and cultivate lands of any tenure, franchises and hereditaments situate in the Dominion of Canada, the United States of North America, or elsewhere, including any mines, minerals, ships, steamboats, barges, and other vessels, engines, railway wagons, tanks, reservoirs, manufacturing plant, apparatus and stock in trade, and any other real and personal property of whatever description, whether the same be unencumbered or subject to any mortgage, charge, lien, easements, privileges, licenses, concessions or otherwise, and to develop the resources of any such properties by building any kind of structure thereupon, planting, reclaiming, clearing, mining, quarrying, excavating, damming, draining, farming, and otherwise dealing with and working the same, and to stock lands and farms, and to breed, grow and deal in all kinds of stock, cattle, horses, sheep and produce, and to erect and maintain therefor suitable buildings and structures, including slaughtering, refrigerating, and converting establishments.

2. To invest money by way of advance, or loan at interest to any person or persons, or corporation, upon the security of any property and securities whatever, real or personal, including produce, crops and manufactures, government and all other stocks, bonds, mortgages, or securities, whether British, colonial, or foreign, and generally to buy, manufacture, deal in and sell all kinds of goods, chattels, merchandise, produce and effects.

3. To aid, encourage and promote immigration, emigration and colonization, and for such purposes to lend and grant any sums of money, and to act as agents therefor.

4. To work, win, convert, sell, use or otherwise deal with all or any mineral property of the Company, to construct or acquire, take concessions of purchase or lease, hire, maintain, improve, work and use, or aid in, or subscribe towards the construction, maintenance, improvement and working of roads, ways, streets, tramways, wire tramways, electric or other power, telegraph and telephone lines and works, or other media of communication or appliances of a similar nature, railways, railway stock, locomotives, engines, docks, piers, harbors, quays, wharves, landing stages, jetties, slips, stores, bridges, canals, channels, wells, bunge, lights and beacons, viaducts, aqueducts, water works, flumes, culverts, ditches, warehouses, factories, shops, churches, chapels, schools, libraries, institutes, inns, foundries, brick kilns, reduction works, gas and water works, electric lighting or power works, hotels, mills, undertakings, works, and other buildings and structures, of every description, and for the above purposes to enter into and carry into effect any contracts, and apply for, accept, and carry into effect such concessions, licenses or authorities as may be deemed necessary or advisable.

5. To acquire running powers, rights or easements over and to make arrangements with any companies or persons for the joint working of any railway, tramway, or line of electric wire, or other similar means of communication.

6. To build, purchase, charter, hire or otherwise acquire, maintain, repair and use steam and other ships and vessels, and to carry on the business of ship owners, lighterment, wharfingers, dock owners, warehousemen, ship chandlers, commission and shipping agents, and to levy cranage, anchorage, lighterage and other dues and tolls, either in connection with the other businesses of the Company, or as an independent source of profit.

7. To transact all manner of agency and commission business, and in particular to act as agents for any persons or corporation in the purchase, sale, or management in any way of lands, hereditaments and other property in the Dominion of Canada, the United States of North America, or elsewhere, where the Company may for the time then being be carrying on business, and to carry on the business of general, commercial, mercantile, shipping or forwarding agents, or agents for any railway, steamship, or other company.

8. To accept and hold any property whatsoever upon any trust whatever, and to make advances against the same, and to issue debentures there against, and to act as trustees, attorneys or agents of or for any persons, living or dead, or of any company, corporation, public body or supreme government, and also as real or personal representatives of any deceased persons.

9. To transact all business connected with the investment and loan of money at interest, to receive money on deposit, and generally to transact and carry on every description of banking, discount, exchange and financial business.

10. To make, draw, accept, indorse, discount and execute promissory notes, bills of exchange, and other negotiable instruments.

11. To build, lay out, settle, colonize, and develop towns and villages on the lands acquired or controlled by the Company from time to time.

12. To purchase or otherwise acquire the exclusive or limited right to use information as regards any inventions, whether patented or not, which may seem capable of being used for any purposes of the Company, or the acquisition of which may seem calculated, directly or indirectly, to benefit the Company, and to acquire any grants, charters, concessions, patents, patent rights, monopolies, brevets d'inventions, copyrights or licenses, and to use, exercise, develop, grant licenses in respect of, or otherwise turn to account the property, rights and information acquired.

13. To take or otherwise acquire, and hold or sell shares, stock, debentures, or any other interest in any other company, whether British or foreign, in which the liability of the members is limited, having objects altogether or in part similar to those of this Company, or carrying on any business capable of being conducted so as directly or indirectly to benefit this Company.

14. To purchase or otherwise acquire or undertake all or any part of the business, property and liabilities of any company, corporation, society, partnership or persons carrying on, or about to carry on, any business which this Company is authorized to carry on, or which is in any respect similar to the business for the time being of this Company, or which is capable of being conducted so as directly or indirectly to benefit this Company, and to make and carry into effect arrangements with respect to the sharing of profits, union of interests or amalgamation, either in whole or in part, of this Company with any such company, corporation, society, partnership or persons.

15. To dispose of by sale, lease, underlease, exchange, surrender, mortgage or otherwise absolutely, conditionally, or for any limited interest, all or any part of the undertaking, property, rights or privileges of the Company as a going concern or otherwise, to any public body, company, society or association, or to any person or persons, and in particular to any other company having objects altogether or in part similar to those of this Company, and to accept as the consideration, or part of the consideration for such disposal money, stock, shares, debentures or other securities, either for distribution in specie among the members or otherwise.

16. To subscribe for, take, acquire, hold sell sell the stock, shares, scrip, certificates, bonds, obligations, debentures and securities of any other company, or of any supreme, municipal, public or local board or authority.

17. To borrow and raise money for the purpose of the Company in such manner and upon such terms as the Company shall think fit, and to secure the repayment thereof by bonds or debentures, or by redeemable or unredeemable debenture stock (such bonds, debentures and debenture stock being made payable to bearer or otherwise) or by any other instruments, or by bills of exchange, or promissory notes, or in such other manner as may be determined, and for any such purposes to charge all or any part of the property of the Company (both present and future), including the uncalled capital.

18. To obtain any provisional order or Act of Parliament, or legislative provision, decree or order of any colony, foreign government, body or authority, to incorporate the members as a body politic or corporate, in accordance with the laws and constitution of any country or state in which the Company shall be carrying on, or be desirous of carrying on, any of its operations, and to take all steps and do all things necessary to give the Company, or any company subsidiary thereto, a legal domicile in any such country or state, and such legislative powers as will facilitate the carrying into effect of the objects of the Company therein.

19. To give any guarantee of whatever description in relation to the stock, shares, debentures or other securities or obligations of any company or supreme, public, municipal or local body or authority, and generally to guarantee the performance of any covenant or obligation.

20. To transact all business connected with the investment and loan of money at interest.

21. To allot the shares of the Company credited as fully or partly paid up as the whole or part of the purchase price for any property purchased by the Company, or for any valuable consideration.

22. To appropriate and apply such parts of the capital of the Company as may be expedient to the payment of such brokerage, discounts and other expenses as may be deemed incidental to the formation and promotion of the Company, and the placing of its shares and debentures, or any part thereof.

23. To aid any government or state, or any municipal, local or other body politic or corporate, or company or association, or individuals with capital, credit, means or resources, for the prosecution of any works, undertakings, projects or enterprises.

24. To do all or any of the above things in any part of the world, and either alone or in partnership or conjunction with any person or other association, and either as principals or agents, and to contract for the carrying on of any operation connected with the Company's business by any person or other association.

25. To carry out the objects comprised in each paragraph of this clause in as full and ample a manner, and construed in as wide a sense as they would be construed if each paragraph of this clause defined the objects of a separate, distinct and independent company, and so that such objects shall not, except where otherwise expressed in such paragraph, be restricted by reference to the objects indicated in any other paragraph.

26. To do all such other things as are incidental or conducive to the attainment of the above objects, or any of them, of which the Company shall consider incidental or conducive to the attainment of the above objects, or any of them, and so that the word "company" in this memorandum shall be deemed to include any partnership or other body of persons, whether corporate or incorporate, and wherever domiciled.

The amount of capital stock of the said Company is £250,000, divided into 25,000 shares of £10 each.

The place of business of the said Company is located at the City of Victoria, in the Province of British Columbia.

In testimony whereof I have hereto set my hand and affixed my seal of office this 10th day of July, 1889, at the City of Victoria, in the Province of British Columbia.

(L.S.) C. J. LEGGATT,

jy19 Registrar of Joint Stock Companies.

British Columbia Milling & Mining

COMPANY (Limited).

LOCATION OF PRINCIPAL PLACE OF BUSINESS, VICTORIA
LOCATION OF WORKS, CARIBOO

NOTICE IS HEREBY GIVEN, THAT CALL No. 20, of one cent per share, upon the members of the British Columbia Milling and Mining Company (Limited), made on the eighteenth day of December, A. D. 1888, is now due and unpaid in respect of the shares hereinafter specified, and that there is now due and unpaid upon the following described shares, on account of the said assessment, the several amounts set opposite the names of the respective holders of such shares, namely:—

	No. of Certificate.	No. of Shares.	Amount
Annie Covington	128	10	$ .10
George A. Deandon	1121	500	5.00
Thomas Alwyn	1169	200	2.00
Sarah A. Maclure	1021	25	.25
Martha Rhodes	124	10	.10
Emily Rhodes	125	10	.10
J. Judson Young	A969	100	1.00

The above mentioned shares, or so many thereof as will cover the amount due, with interest at the rate of one per cent. per month from the eleventh day of February, A. D. 1889, and the expenses, will be sold by public auction at the office of the said Company, in the city of Victoria, British Columbia, on Saturday, the 10th day of August, 1889, at the hour of twelve o'clock at noon.

By order of the Board.

GEORGE A. BARGISON, Secretary.

Dated at Victoria, the 29th day of July, 1889. jy30

NOTICE.

NOTICE IS HEREBY GIVEN THAT I INTEND to apply at the next sitting of the Board of Licensing Magistrates for the City of Victoria, for a hotel license, to sell wines, spirits and malt liquors, on the premises on Government street, known as the Delmonico Restaurant. E. ESCALET,

Victoria, Aug. 2, 1889. 8d-td

NOTICE.

SIXTY DAYS AFTER DATE I INTEND TO make application to the Hon. the Chief Commissioner of Lands and Works to purchase 160 acres of land near McLoughlin Bay on the east coast of Campbell Island, B. C., described as follows: Beginning at the S. E. post of the Hudson Bay Co.'s claim, thence 20 chains west; thence south 80 chains; thence east 20 chains; thence following the shore line to the point of commencement. JOSEPH HALL,

Nanaimo, July 24, 1889. jy30 2m

NOTICE.

BY AN ORDER MADE on the 16th July, 1889, in an action in the Supreme Court of British Columbia, in which Jean Baptiste Brule is Plaintiff and Edward Maiswaring Johnson and Joseph Poirier are Defendants, the said Joseph Poirier and his agents are restrained from selling or disposing of the sheep, cattle, pigs, and live and dead farming stock, or any part thereof, now in his possession or near the farm in Sooke District, formerly occupied by the Plaintiff, until the trial of the action, or until further order.

Dated 18th July, 1889.

jy19-1m J. ROLAND HETT.

NOTICE.

In the Supreme Court of British Columbia.

Between

JOSEPH BOSCOWITZ, Plaintiff,

AND

JAMES WARREN, Defendant.

NOTICE IS HEREBY GIVEN, THAT AN Order has been made in the above entitled action, by the Hon. Sir Matthew B. Begbie, C. J., appointing James C. Prevost, Receiver of all the Estate and Effects of the above named defendant, to take possession of the real estate and receive and collect the personal estate, and to manage and conduct his business, and to restrain the defendant and all other persons from interfering with him as such Receiver.

JAMES C. PREVOST.

Dated, Victoria, February 12th, 1889. m18

Estate of James Williams, Late of Juneau, Alaska, Deceased.

ALL PERSONS INDEBTED TO THE ABOVE estate are requested to pay the amounts due forthwith and all persons having any claims against the estate are requested to forward the same duly proved to

LOCAL PARAGRAPHS.

News of the City and Province Briefly Told.

—Ice Cream at Stein's.

—The Yates street skating rink has re-opened.

—Zylonite collars and cuffs at Daley's 111 Government street.

—H. M. S. Champion will go into the dry dock in a few days.

—Table cutlery, in steel and silver-plate, at McLennan & McFeely's.

—The City of Puebla sails from San Francisco to-morrow for this port.

—Largest stock of house furnishing goods in the province at John Weiler's.

—A heavy bush fire raged yesterday above Goldstream near the railroad track.

—Fruit jars and jelly glasses in any quantity, all sizes, at John Weiler's.

—A flag pole will complete the adornment of Brackman & Ker's new building.

—Seattle brick layers receive $6 per day, yet they are reported ready to strike.

—Dr. Talmage on "Big Blunders" at the Victoria Theatre on Monday evening.

—"We lead" for elegance, style and beauty of finish. Hall & Lowe, Government street.

—The Buffalo Egg Poacher and Harris' Fruit and Jelly Press at McLennan & McFeely's.

—Ice cream delivered to all parts of the city. New England Bakery. Telephone call 161.

—A number of drunks figured in the police court to-day, for which the usual fine was imposed.

—If you have anything to dispose of take it to Brown & Myers, auctioneers, 64 Yates street. 1y23-m

—The furniture set recently won at a picnic has been sold for one-third of its original valuation.

—The best place to secure a good suit to order, is at Campbell & Simpkins', 88 Government street.

—H. M. S. Swiftsure has had her bunkers filled with Welsh coal from the bark J. H. Hustede.

—A thief went through the purser's room on the Corona a few days ago getting away with $190.

—For the latest American designs in Upholstery. Try Hastie & Lockhart's, 62 Government street.

—Dalton McCarthy, Q. C., was shown through Chinatown last evening by Chief of Police Sheppard.

—Sideboards that have no equal in design and price at Hastie & Lockhart's, 62 Government street.

—A pleasant social dance was held in Oliver's Dancing Academy last evening by a party of young folks.

—Mrs. McLennan, business and test medium, removed to 38 Kane street. Sittings daily from 10 a. m.

—The finest assortment of Bedroom sets for the least money at Hastie & Lockhart's, 62 Government street.

—It is reported the Bank of B. C. will shortly open a branch in Seattle, with Mr. J. Keith Wilson as manager.

—Business has increased to such an extent on the 'Frisco steamers that two freight clerks are required for each steamer.

—The remains of the late Joseph Lister, who died at the Royal Hospital yesterday morning, were interred this afternoon.

—"——, that fellow go way and no pay me," and the baronet is now on his way east and the bill for delicacies is left behind.

—Two fine building lots on Toronto street, James Bay, for sale cheap. Apply at Blanchard's drug store, 115 Government street. tf

—Mayor Grant gives notice that those who desire to give a reception to the Hon. Edgar Dewdney will meet at the city hall on Monday next.

—Navigation was attended with difficulty yesterday owing to thick smoke and fog and whistles were sounded at every few minutes.

—G. C. Phinney is the owner of the first first-class brick building commenced and completed in the burnt district of Seattle since the great fire.

—The claims put in against H. B. Roycraft amount to $3005.59, but these do not represent everything. Much more is known to be owed in the city.

—The entrance to the stores in the Galpin building, Yates and Douglas streets, will be from Douglas street. One store only will have an entrance from Yates street.

—Just arrived at Hastie & Lockhart's a large consignment of the very latest designs in Linoleums, Carpets and Mattings. Call before purchasing elsewhere. 62 Government street.

—The steamer Maude, Capt. Leach, left for Cowichan at 11 o'clock this morning with a carload of flour for Mr. Ordano. From there she will proceed to Saanich Arm where a cargo of lime will be taken on board for New Westminster.

—The young man named Joseph Hilton, who recently fell from a trapeze in the Victoria Athletic club rooms by the breaking of a strap, is progressing very favorably. His left shoulder blade is dislocated, but his arm is not broken as at first thought.

—A good many people express disappointment at not hearing Mr. Dalton McCarthy during his visit to the city. Mr. McCarthy spoke in Manitoba and at Calgary on his way to the coast, but has refused to address meetings since he came to the province.

To-morrow's Programme.

The following programme will be played at Beacon Hill to-morrow afternoon, weather permitting:

1 Piatt ..... Memorial March
2 Cavatina ..... The King's Herald
3 Potpourri ..... The River Clyde
4 Overture ..... Festival
5 Sacred Melodies ..... Vital Spark
6 Fantasia ..... The Joy of Life
7 Hallelujah Chorus
8 Grand Fantasia. The Queen's Jubilee. God Save the Queen.

A Request.

We don't like to seem importunate, but as there is going to be a political meeting to-night would it not be a good opportunity for the Hon. John Robson to endorse the Hon. Theo. Davie's railway policy? It is just simply too bad that the Hon. Theo. should be compelled to carry this railway business all alone, and particularly since he can accomplish nothing with four in the cabinet against him. The public wants to know what the cabinet's railway policy is before it votes for Mr. Davie. Will the Hon. John Robson state this evening whether the cabinet endorses Mr. Davie or not?

A School Board "Deadlock."

It is more than likely that the "deadlock" of the Vancouver school trustee board will be settled by the members of the board resigning and appealing to the householders. The trouble arises over the appointment of a teacher. Three of the board stand out for Mr. Robinson, a well-trained and experienced teacher, who formerly held the position of principal of one of the schools, but who was dismissed by a late board for reasons which were never very well defined by them. The other three trustees demand some other teacher, they care not who, so long as it is not Mr. Robinson. As many attempts have been made to effect a compromise it appears that an appeal to the householders is the only way of settling the difficulty. The result is doubtful. The board which dismissed Mr. Robinson was never able to obtain re-election and it is doubtful if his opponents now will succeed any better.

Rumor has it that government interference has something to do with the trouble. A relative of the Hon. Mr. Robson is said to have been recently appointed to one of the schools, the former incumbent having failed at the recent teacher's examination. It would not be surprising to learn that politics is at the bottom of the whole difficulty of the school board.

Diseases of Women.

Dr. Trenholme, of Montreal, gynecologist, will be at the Driard hotel on Monday, where he can be consulted upon the diseases of women.

Sam Greer's Lots.

Mr. Samuel Greer is in the city making preparations for a sale of his English Bay lots in this city. It is learned that fifty lots will be sold at auction next month upon the same terms as a large number were disposed of in New Westminster last week.

For 'Frisco.

A dispatch received by Welch, Rithet & Co., this morning is to the effect that the steamship Walla Walla will arrive here Monday morning and leave later in the day for San Francisco. After all, a delay of only two days has been occasioned by the late mishap.

For Alaska.

The steamship Corona, Capt. Carroll, arrived from the Sound last night and left at 11 o'clock this morning for Alaska, this being her last northern trip of the season. She has on board about one hundred tourists, who took in the beauties of the city this morning.

Naval Contracts.

Mr. Lawrence Goodacre, of the Queen's Market, has been awarded the contract for supplying Her Majesty's naval force at Esquimalt with all the fresh beef and mutton, vegetables, corned beef and suet to be used in the next five years. The contract for bread was awarded to Mr. King.

The Umatilla Afloat.

The steamship Umatilla, which grounded on Brown's Point at the entrance of Tacoma on Tuesday last, was floated about 6 o'clock Thursday evening with the assistance of the steamship Corona, after two unsuccessful attempts. As she grounded in the sands, no damage was sustained.

More Chinese.

Eleven Chinese, ex the steamship Port Augusta from the Orient, arrived down on the Islander this morning. After producing their return certificates and being measured and otherwise examined, two were held by the customs officials, there being some doubt as to their eligibility to land, although possessor of return certificates. It was decided, as doubt existed, to make them each pay the $50 head tax.

An Ore Find.

A rich strike of solid copper glance ore has just been made on the south fork of the Similkameen river, fifty miles northeast of Hope on the C. P. R., and about eighty-five miles from the Wannacuth mining district. The ore assays from 70 to 85 per cent copper, and 10 to 80 oz. silver, with a trace of gold. The owners are E. E. Alexander, J. L. Spath, C. Beckmeyer and E. P. Wheeler, all of Spokane Falls.

Detained by Fog.

The Islander left Vancouver at three o'clock yesterday afternoon and after slowly steaming down as far as Cadboro bay, anchored there at 10:30 last night. She remained there till this morning, arriving at the C. P. N. wharf at eight o'clock. The weather was so thick last night that it was impossible to see more than a few feet ahead. She will leave again for Vancouver at three o'clock in the morning, having missed one trip by the delay.

Mr. Dowie's Mission.

Rev. Mr. Macleod writes to the press to say that personally he has no sympathy whatever with Mr. Dowie's special teachings, though he believes him to be quite sincere and in all the fundamentals of the faith quite sound. Mr. Dowie came to Victoria attested by men of high standing in California and Australia. We think the pastor of St. Andrew's has done right in publishing this partial disclaimer of responsibility for the peculiar doctrines preached by Mr. Dowie.

To Load Salmon.

The German bark J. H. Hustede, 1091 tons, finished discharging a cargo of 1864 tons of Welsh coal yesterday for Her Majesty's navy. The vessel has been chartered by Robt. Ward & Co. to load salmon for London, which makes the third vessel on the berth here to load British Columbia salmon, the other two being the bark Titania and the ship Doris Brodersen. As the crew of the Hustede recently deserted, a new crew will be shipped.

Gain Their Freedom.

The Seattle gambler named Barney Martin, and his paramour, who were both arrested here for bringing stolen money into Canada, were released from gaol yesterday after spending twelve hours in the city lockup. Deputy Sheriff Holden, of Seattle, who came over to endeavor to take the couple back to Seattle for grand larceny, returned home this morning with $140, a portion of the illicit gain of the crooked twain, but was much chagrined at not being able to take Martin with him also.

Obituary.

About five o'clock Friday afternoon the venerable George Stairs Brown passed away to his final home at the advanced age of 75 years. The late Mr. Brown was a native of Halifax, N. S., where he was engaged in business for many years. Accompanied by his wife, he came to this province last year. Four sons are left to mourn his demise, Messrs. Percy R., Robert A., G. H. and W. R. Brown. The remains will be interred on Sunday, the funeral leaving 65 Colinson street at 3:30 p. m., and St. Andrew's Presbyterian Church a little later.

Colonial Hotel Transferred.

Negotiations are completed whereby Mr. Luke Pither has sold the lease and goodwill of that famous old hostelry, the Colonial Hotel, New Westminster, to Mr. Geo. Raymond and W. S. Westcott, who took possession Thursday morning. Mr. Pither's reasons for selling out is the continued ill-health of Mrs. Pither, who, unfortunately, has been far from robust for some months, and absolutely requires a change of climate. In all British Columbia scarcely no hotel has a more widespread and favorable notoriety than the Colonial, and the name is as familiar with travelers and tourists as almost any first-class establishment north of San Francisco.

1889-90

For the fall and winter trade of 1889-90 Messrs. A. Gregg & Son, Artist Tailors, Yates street, have just received a large and well-selected stock of imported woollens, comprising Scotch and English tweeds, fine worsted diagonals, new novelties in trouserings and a large range of the most fashionable shades and designs of light and heavy weight overcoatings. Right here we wish to impress on the minds of the gentlemen of this province that this stock was never surpassed by any heretofore imported to this province, these being the same goods as those sold by foreign manufacturers for the New York trade. Messrs. A. Gregg & Son invite an inspection of these goods.

A Northern Pacific Line.

A prominent Northern Pacific official is authority for the statement that the Northern Pacific Railway will place a service on the Alaska and Puget Sound routes in opposition to the C. P. R. & N. steamers. The management of this new line will be entrusted to Mr. Jackson, of Seattle, W. T., at present filling that position for the Washington Steamboat and Transportation company. The capital of the new company is stated as being $2,000,000, with power to increase. Options on three of the fastest steamers now plying on the Hudson River, N. Y., have been taken, and it is said that they will be purchased and despatched via Cape Horn to the Pacific coast. Negotiations for the construction of others will be entered into with either Messrs. Cramp, of Philadelphia, or Harlan & Hollingsworth, of Delaware, and that they will be pushed forward with all possible speed.

Children Cry for Pitcher's Castoria.

WASHINGTON EDITORS.

The Knights of the Quill to Arrive Here To-Night.

A delegation of the Washington Territory Press Association are on the steamer Olympian and will arrive here this evening. We understand they will remain until Sunday evening. The association met in Tacoma on the 15th. The following are the officers: President, C. M. Holton; vice-presidents, C. W. Hobert and L. N. Muncy; Secretary, Marion D. Egbert; treasurer, J. W. Murphy; executive board, Frank Owen, Orno Strong, Chas. Prosch, A. N. Hamilton and S. F. Currier; historian, E. N. Fuller; poet, Will L. Visscher; orator, Thomas L. Cavanaugh; committee on resolutions, Prosch, Winston and Egbert.

A CASE OF LEPROSY.

An Afflicted Chinaman Examined by Visiting Medicos.

A Chinaman of this city, who is afflicted with leprosy, has been examined by eighteen of the visiting medical gentlemen now here, who pronounce him affected with the disease pure and simple. The leader of the party was Dr. L. Duncan Bulkeley of New York. This morning the victim was again examined by four of the medicos, who experimented on him. Holding a shade before his eyes, a pin was stuck through his thumb, the Chinaman not even feeling it. His eyebrows are gone and what little hair on him is on his head. The doctors were of opinion that he should be isolated, and to a certain extent he was curable. They also expressed the opinion that the climate of this country was far superior to that of China for the betterment of the disease.

MANY DOCTORS.

Another Detachment Arrives in the City—Seeing the Sights.

A new detachment of the members of the Medical Association which met at Banff arrived on the Islander this morning. Dr. McGuigan, of Vancouver, accompanied them to the city to show them round, several of them being old associates of his.

Among those who arrived last night were Drs. Wishart, Mitchell, Waugh and Davis, lecturers in the Western University, London, Ont. Last night's arrivals are registered as follows: At the Driard—Dr. Harwood, Brantford, Ont.; Dr. Kelly, Brantford, Ont.; Dr. Robertson, Brantford; Dr. Hayes, Simcoe, Ont.; Dr. Clathrop, Dover, New Hampshire; At the Clarence—Dr. J. Wishart, London Out.; Dr. W. J. Mitchell, London, Out.; Dr. D. G. Flemming, Chatham, Out.; Dr. W. Waug, London, Out.; Dr. McGuigan, Vancouver.; Dr. J. D. Davie, London, Out.; Dr. A. H. Wright, Toronto; Dr. W. H. Blendell, Toronto; Dr. Burt, Paris, Ont. The majority will likely remain until to-morrow night, when they will leave on the steamer Rithet for New Westminster and in this way see the lower Fraser and the Delta. On their way down the line of the C. P. R. they found subjects for some pretty good sermon stories and are only anxious lest their friends will not believe them when they get home.

FROM THE ORIENT.

The Port Augusta Arrives From the Orient with a Large Cargo.

The steamship Port Augusta, Captain H. E. Draper, which arrived in Vancouver on Thursday evening, left Hong Kong on July 19th, reached Amoy on the 20th, Foo Chow on the 23rd, Nagasaki on the 26th, Kobe on the 28th, and Yokohama on August 1st.

Her cargo amounts to 1,684 tons measurement, and is comprised of tea and silk. There are 514 tons for the Pacific Coast, 497 tons for Eastern Canada and 669 tons for the United States. The packages number 24,363, of which 4,096 are for the Pacific Coast, 9,115 for Canada and 11,152 for the United States.

The passenger list as follows: Cabin passengers—Mr. W. Christy, from Amoy to Liverpool; Mr. and Mrs. D. Fitzsheary, Master Maurice Fitzsheary, Master David Fitzsheary, Miss Forbes Fitzsheary, Miss A. Forbes Fitzsheary, Miss Emilie Bastard, from Tientsin to Liverpool; Mr. and Mrs. John Gillingham, Miss Gillingham, Master Arthur Gillingham, from Kobe to London, Eng.; Miss F. G. Wilson, from Yokohama to Detroit; Mr. Thos. Doherty, from Yokohama to Montreal; Mr. Herbert Galt, from Yokohama to Winnipeg; Commander Courot (French Marine Infantry), from Hongkong to Paris. Mr. J. G. Mills, second class, Hongkong to Vancouver; 71 Chinese and 3 Japanese.

The Port Augusta is a very fine vessel built for the carrying trade. She is of steel, has a registered tonnage of 2886 and is four years old. About two years ago she made a trip to this port and at that time brought in the largest cargo ever delivered here, amounting to 4200 tons measurement. Since that time she has been running between English and Australian ports. Captain Draper, who is exceedingly popular with the officers and passengers, and who was very solicitous for the comfort of the passengers on the trip, now retires from the command.

A Bit of History.

There is perhaps only one person in the city of Victoria who is personally acquainted with the two leading names in the Terry tragedy. We refer to Mr. Joseph Heywood, who knew both the Hon. Justice Field and Judge Terry. The acquaintances were made in the town of Marysville, California, "in the days of old, the days of gold, the days of '49." There was a common level in those turbulent mining days, and the now learned and distinguished Hon. Justice Stephen J. Field of the U. S. Supreme Court then cooked his bacon and beans with Mr. Heywood.

A Fireman's Drama.

At the Victoria Theatre next Wednesday and Thursday evenings Mr. Charles McCarthy and company will present the thrilling melodrama "One of the Bravest" on behalf of the Victoria fire department to enable them to raise funds for attending at the Tacoma tournament. Mr. McCarthy is a true exponent of the metropolitan firemen, having received his training from Captain McAdam, instructor of the life saving corps of the New York fire department. Mr. McCarthy is celebrated for giving the most scientific and wonderful exhibition of the uses of life-saving appliances in the world, and his work is so acknowledged by the heads of all the principal fire departments.

Music.

The choir of the First Presbyterian church are at present rehearsing the cantata of Daniel, music composed by G. W. Root and W. B. Bradbury. It represents the captivity and restoration of Israel. It is the intention of the choir to present the cantata in about two weeks time. Mr. Brown the leader, is working hard and no doubt musical people will have something good to listen to. This will be the first time this work has been given in Victoria. The First Presbyterian church choir have the reputation of being one of the best choirs in Victoria and at various times have given evidence of their musical ability, and the production of this cantata, although an ambitious effort for an ordinary church choir, will no doubt be a success under the direction of one of Victoria's most able and popular musicians. In addition to the cantata a secular part will be given, at which a few of the best vocalists and instrumentalists of the city will take part. Further particulars will be given later on in the advertising columns and otherwise.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

Remember the address: 126 Johnson street, above Douglas street. 1y10-1m

To the Electors of the City of Victoria.

GENTLEMEN:—

In complying with the request of a number of the citizens of Victoria to stand for the seat now vacant in the Legislature, I do so believing that at no distant date questions will arise requiring careful consideration, and calm and just decision. Many of the late actions of the Provincial Government have not met with the approval of the majority of our citizens, notably the amendments to our school law. The amendment to our Public School Act of 1888, where it provides that the cities are called upon to pay the expenses of operating their schools, and also enacting that the cities shall pay one-third of the salaries of their teachers, is, I consider, a law unfair and unjust. If elected as your representative, I shall endorse the action of our city aldermen, in refusing to pay the expenses and portions of salaries demanded by the Government. I shall also, if elected, use my efforts to have the present School Act so amended as to eliminate many of its features, which I consider have been introduced to give power to the Government in matters which should be left in the hands of the Trustees—the proper representatives of the people in school matters. I shall always uphold our free and non-sectarian school system. As the School Act now stands it is in many respects merely a political machine.

I shall use my best endeavors to obtain a grant of land or money for the establishing of a University, to be erected and maintained in the City of Victoria, as it is time such an institution should be founded for the higher education of the young people of this province. Victoria being the capital, as well as having many natural advantages, is by far the most suitable place for such an important provincial institution.

I am in favor of subsidizing any railway asking reasonable aid, making Victoria its terminus. As the Canada Western Railway is now a matter of fact, by legislation passed last session, and its completion guaranteed, use my influence to have the same completed at as early a date as possible, with its terminus at Victoria or Esquimalt.

The land laws of our province should be carefully guarded; and I believe it is in our interest to conserve our timber lands, and that they should not be locked up in large tracts in the interest of speculators.

The development of the mineral wealth of this province requires our earnest attention. Legislation tending to this end will receive every assistance from me.

It will be my most earnest desire to have Victoria made as far as possible the point of arrival and departure for lines of steamers either from the Chinese seas or Australasia.

In a few days I hope to have the pleasure of addressing you on the various provincial questions. In the meantime I solicit your influence and votes. I am,

Yours respectfully,
G. L. MILNE

HUDSON'S BAY COMP'Y.
